## Professional Summary:

Fullstack developer focused on web development, with practical experience in creating modern and responsive interfaces using HTML, CSS, JavaScript, React, and Tailwind CSS, as well as building RESTful APIs with Node.js and Django and knowledge of OOP with Python. Solid understanding of relational databases like MySQL and PostgreSQL, and version control tools, especially Git. I am proactive, communicative, and adept at solving complex problems. I am currently seeking an opportunity to apply and expand my technical skills, contributing to innovative solutions within dynamic teams.
